

14th CIRP Conference
on Photonic Technologies
September 21 - 25, 2026
Erlangen, Germany

www.lane-conference.org/

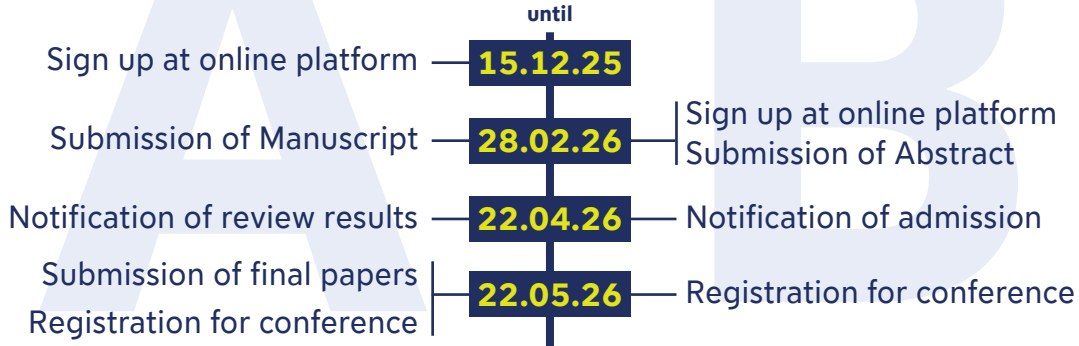

Call for Contributions

until February 28th, 2026

Choose your submission line

Scientific contribution
paper & presentation

Industrial contribution
presentation

TOPICS 2026: Additive Manufacturing • Beam Sources & Components • Laser-assisted Processes • Laser Beam Cutting & Drilling • Laser Beam Welding, Brazing & Soldering • Laser Safety • Precision Processing with Short & Ultrashort Pulses • Sensing & Control • Simulation & Modelling • Surface Treatment & Forming • Ultra-short Pulse Lasers • Laser Applications for E-Mobility • Artificial Intelligence (AI) & Machine Learning in Laser-based Manufacturing • Adaptive Close-loop Feedback Control • Portable Laser-based Manufacturing Systems
